

Friends of Aeronautics and Astronautics,

March 28-30th AIAA students throughout Utah have the unique opportunity to host approximately 80 students from 27 schools across the Western United States at the AIAA Region VI student conference. The conference will be held at the Red Lion Hotel in Salt Lake City. Students attending this conference will have prepared and submitted technical papers on a variety of topics in Aeronautics and Astronautics. Over the three day period, there will be student presentations, campus and industry tours, and guest lecturers.

The planning, budgeting, and executing of this conference is led by students from BYU, but will involve students throughout Utah. The conference committee has established a basic budget; however we currently have a deficit of approximately \$4000.

We are seeking financial assistance to help fund this conference and cover the cost, so as to minimize the financial burden on the visiting students. Funding received will be used to provide food, transportation, lodging, and cover conference costs such as printing, audiovisual equipment and venue costs. This is a unique opportunity for our students and we appreciate your support.

If you are willing to contribute, please contact me at [801-505-3062](tel:801-505-3062) (cell) or by email at bishoplowell@gmail.com.

Sincerely,

A handwritten signature in black ink that reads "Lowell Bishop". The signature is written in a cursive style with a long horizontal flourish extending to the right.

Lowell Bishop
Student Branch Chair - BYU AIAA
