

Think space and win a trip to Jerusalem!

Are you 18 to 35 and want to make your mark on the space sector?

SGAC is offering students and young professionals technical paper scholarships towards attending the Space Generation Congress (SGC) and the International Astronautical Congress (IAC), in Jerusalem, Israel, October 2015. The winners of the following competitions will have the opportunity to present their papers at SGC and IAC and will receive scholarships towards travel and conference costs.

SGAC is challenging young minds write a paper considering the future, past and present of entrepreneurship and investment within the space sector. Submit a technical paper on your ideas by May 31 for your chance to win.
